## Buckcherry

There're days that take too long  
It's those days I wish I had you right here in my arms I'm gettin' lonely  
I'm sick of waiting here for you  
I'm gettin' lonely  
Please come home, 'cause I want to be with you  
Or maybe I'm a fool Baby  
You still drive me crazy  
Nothing's gonna change me  
So you don't have to cry Maybe I should take the blame  
I guess a music man needs no shelter from the rain  
I'm gettin' lonely  
I'm sick of waiting here for you  
I'm gettin' lonely  
Please come home, 'cause I want to be with you  
Or maybe I'm a fool Baby  
You still drive me crazy  
Nothing's gonna change me  
So you don't have to cry  
Oh yeah, I said Baby  
You know that you saved me  
Your love's so amazing  
You're never off my mind Alright, c'mon now, yeah! Nothing's goin' on  
I been gone for way too long  
I'll be right back in your arms  
Don't be afraid  
I'm gettin' closer  
I'm making my way back home to you  
I'm gettin' closer  
I can see your face  
And the light keeps shinin' through  
And Baby, what am I to do? Baby  
You still drive me crazy  
Nothing's gonna change me  
So you don't have to cry  
No, no, no, I said Baby  
You know that you saved me  
Your love's so amazing  
You're never off my mind Oh, I said nothing's goin' on  
I been gone for way too long  
I'll be right back in your arms  
Don't be afraid
