

Mike

Xiu Xiu

Dad, what was nigel supposed to do with your body?
A life that i will never understand
Whose false teeth were gently pushed back into your
Mouth by your daughter's husband
What am i supposed to do with this?
I feel like i am not nice because sometimes
It is hard for me to think something happy about you
Except for that dad, i love you and will always, always miss
You
Pull my finger-
