

In Love at Christmas (feat. Mary Mary)

Kelly Price

it was a Silent Night a
midnight clear
was no Santa Claus and reindeer
only me and you a love brand
new we fell in love at Christmas
it wasnt Valentines Day or the
first day of spring summer
time maybe fine but love didn't
find me till the snow began to
rain that's when everything
changed and that's when I
found you it was a silent
night a midnight clear
was no Santa Claus and
reindeer only me and you
a love brand new we fell in
love at Christmas I remember
when holidays were blue shopping
trips money spent every year
DejaVu but now I reminisce on
a special gift in you it happened
(it was a) silent night a midnight
clear was no Santa Claus and
no reindeer only me and a love
brand new we fell in love at
Christmas just 1 year ago a
love found me now my life
has changed and submissive I
pray for a moment special to
come but I never dreamed that
it would be your love it was a
Silent Night a midnight clear
was no Santa Claus and no
reindeer only me and you a
love brand new we fell in love at Christmas x2
