

SIGNS (feat. 24hrs)

Machine Gun Kelly

[Intro: Machine Gun Kelly, 24hrs & Hit-Boy]

Twentyfour

Hold up

Hit-Boy[Chorus: Machine Gun Kelly & 24hrs]

Hop in, roll up

Bad bitch shotgun toes up

Gang signs, my block

All tattoos on my top (whew)

You can never ever stay the night

Rockstar that's my life

Never ever look at the price

Bitch don't try my life

Ay, ay, ay

Hop in, roll up

Bad bitch shotgun toes up

Gang signs, my block

All tattoos on my top

Kells!

You can never ever stay the night

Rockstar that's my life

Never ever look at the price

Bitch don't try my life

[Verse 1: Machine Gun Kelly & 24hrs]

Hold up

I don't need, I don't need love

I just need three in the tub (three)

Give me good weed and some rub, yeah

Scrape up em' knees on the rug, yeah

Ain't gone show you no love, no

You say my name you a dub, no

Picked her up from the islands

She say "Twenty you wildin'"

Ayy, stayed up, can't sleep

Couple chickenheads it's a eight piece

Girls in the cars all topless

Rock God I was born in a moshpit, ungh

[Chorus: Machine Gun Kelly & 24hrs]

Hop in, roll up

Bad bitch shotgun toes up

Gang signs, my block

All tattoos on my top

You can never ever stay the night

Rockstar that's my life
Never ever look at the price
Bitch don't try my life[Verse 2: Machine Gun Kelly & 24hrs]
Piped up and I can't stop it
Bang twenty bitches and pop it

Hundred twenty air fee have AC
Hundred square feet to a hundred K fee
If you ain't noticed I don't give much of a fuck lately (ay!)
Don't you ever try my life
VVS diamonds, my eyes
Brand new Range Rov' black
She can't never come back[Chorus: Machine Gun Kelly & 24hrs]
Hop in, roll up
Bad bitch shotgun toes up
Gang signs, my block
All tattoos on my top
You can never ever stay the night
Rockstar that's my life
Never ever look at the price
Bitch don't try my life
Ay, ay, ay
Hop in, roll up
Bad bitch shotgun toes up
Gang signs, my block
All tattoos on my top
Kells!
You can never ever stay the night
Rockstar that's my life
Never ever look at the price
Bitch don't try my life[Outro: Hit-Boy]
