

Groceries

Mallrat

Real sorry about your broken heart
I'm trying to walk on broken glass
Do it all again for art
Like had to write a song about it I'll go if you'll go if you're cool with that
I'll go if you'll go, I have hope that you'll know that
I'll go if you'll go if you're cool with that
I'll go if you'll go, I have hope that you'll know that I just wanna get groceries
I'll pray that you wanna get close to me
I'll give it some, give it some, give it some time
But I think that we're supposed to be
And if you wanna get groceries
And if you wanna get close to me
Just gimme some, gimme some, gimme some sign
I think that we're supposed to be
I wish that I could let it pass
I don't mind that you put it last
I made it worse I put you first
We're laughing like it didn't hurt
I'm in the dirt I'll make it work though I'll go if you'll go if you're cool with that
I'll go if you'll go, I have hope that you'll know that
I'll go if you'll go if you're cool with that
I'll go if you'll go, I have hope that you'll know that I just wanna get groceries
I'll pray that you wanna get close to me
I'll give it some, give it some, give it some time
But I think that we're supposed to be
And if you wanna get groceries
And if you wanna get close to me
Just gimme some, gimme some, gimme some sign
I think that we're supposed to be
I just wanna get groceries
I'll pray that you wanna get close to me
I'll give it some, give it some, give it some time
But I think that we're supposed to be
And if you wanna get groceries
And if you wanna get close to me
Just gimme some, gimme some, gimme some sign
I think that we're supposed to be This sucks I'm lovesick
Too important to rush this
I miss our kiss
If it ever left my lips
No one I know
Is sticking on my mind when I go

Accept ya, but you're just friends
Miss independent
And this sucks, I'm lovesick
Too important to rush this
I miss our kiss
If it ever left my lips
No one I know
Is sticking on my mind when I go
Heartbroke, but I spend it
'Cause I'm
Miss independent I just wanna get groceries
I'll pray that you wanna get close to me
I'll give it some, give it some, give it some time
But I think that we're supposed to be
And if you wanna get groceries
And if you wanna get close to me
Just gimme some, gimme some, gimme some sign
I think that we're supposed to be I just wanna get groceries
I'll pray that you wanna get close to me
I'll give it some, give it some, give it some time
But I think that we're supposed to be
And if you wanna get groceries
And if you wanna get close to me
Just gimme some, gimme some, gimme some sign
I think that we're supposed to be
