

# Boyfriend

## The Goon Sax

And if I had a boyfriend  
I'd treat him so right  
And if I had a boyfriend  
I'd love him all night  
And we can break your heart  
So you see how i feel  
I need a boyfriend  
Or just anything real  
And if I had a boyfriend  
I'd tell him i care  
And if I had a boyfriend  
Well i'd cut his hair  
And we can break your heart  
so you see how i feel  
I need a boy friend  
or just anything real  
And we can break your heart  
so you see how i feel  
I need a boy friend  
or just anything real  
And we can break your heart  
so you see how i feel  
I need a boy friend  
or just anything real  
And we can break your heart  
so you see how i feel  
I need a boy friend  
or just anything real
