

I Can't Wait

DROELOE

I can't wait
To listen to the sun
To go outside and not be the only one
But the sun will stay when I'm inside
So in my mind I'm with my friends just having fun
Until we move on
I can't wait
To listen to the sun
To go outside and not be the only one
I can't wait
I can't wait
To listen to the sun
To go outside and not be the only one
But the sun will stay when I'm inside
So in my mind I'm with my friends just having fun
Until we move on
