## **Set the World On Fire**

## **Black Veil Brides**

Saints born together to fight against their holy fables

The streets are where we pray

Hymns for the lonely

Wretched and forgotten

The feeling in our hearts won't ever fade awayWe stand tall (United)

Watch them fall (Divided)

Break the chains and now we'll show them all (Fight)Fight for all you know

When your back's against the wall

Stand against the liars

Stronger than before

When your life becomes a war

Set The World On Fire

Sing out united against the ones you left in hatred, our message of today

Like children crying when all they knew was dying

And we will raise our flags up its time for them to payWe stand tall (united)

Watch them fall (divided)

Break the chains and now we'll show them all (fight)Fight for all you know

When your back's against the wall

Stand against the liars

Stronger than before

When your life becomes a war

Set The World On FireWoah oh...

So sing it loud you hold the key

We're the rebels and we're free

Woah oh...

It's time to burn all that you see

Now the world belongs to me

Fight for all you know

When your back's against the wall

Stand against the liars

Stronger than before

When your life becomes a war

Set The World On FireProud in all you are

Showing every scar

As your badge of honor

When you can't take anymore

Of what they're living for

Set The World On Fire
