Now come here you BIG FAT MUTHA FUCKA get on the table!
I was never popular this I'll admit, fuck school
School never liked me, cool
All the kids would always beat me till I'm half dead
Make fun of the size of my forehead
But that shit never bothered me
See momma and mother they owned a lot of property
They had a science lab in the basement and that's where my free time
...Well all my time was spent
I made a mouse with a chicken head it clucked three times
Cluck Cluck Cluck, then it was dead
I made a lot of things cool
Like a frog with a turkey neck(gobble gobble gobble) it was the shit, yeah!
But I'm still lonely I need a homey
So I collected limbs and made me a zombie
I could have made a girlie friend
But fuck that I got my girlie right here(masturbation and moaning sounds)
yeah!
You can call me mad professor
I will make a friend for me
You can call me mad professor
We will rule eternity'So this is like where you live?'

That's right why you don't like it?
I mean oh my god it's dirty
Do you like'- THUD
Hehe Shut up BITCH!
GIMME YOUR TIPPIE TOES! I used some many body parts it was crazy
I killed a whole bunch of muthafucka's like, what eighty?
They all chipped in on my special friend
Everything helps even if you got a finger to lend, come on!
I hear the other children playing outside
"Keep it down you little bitches I'll skin your fucking hides"
Careful! this part's wack(what?)
Somehow I gotta attach this nut sack(eh!)
Shit! Fuck! I'm sawing off an elbow
Looking at the meter my quazar in the low(what?!)
Or better yet look out the fucking window(oh)
I see a storm coming it's all most time to roll
Screw the head on come on, come on
It's the thuggish ruggish Bone
