Jeezy

Tre, TreDope boy 95 air max on  
Came from up the road boy you know we tax homes  
You want a whole thing hit me on the black phone  
Hood nigga Hot Cheetos what I snack on  
Hood nigga it ain't nothin to get you at home  
Trap nigga, nigga serving back to back jawns  
Rap nigga wanna be a trap nigga clone  
Standing in the kitchen with my wife beater on  
Selling dope by the pot, straight drop it's all there  
Yeah I just ran through the bag it's all there  
Pull Up if you wanna buy a half it's all there  
28, 36, a 1000, all there  
Selling dope by the pot, straight drop it's all there  
An I just ran through the check it's all there  
Pull Up if you wanna buy a half it's all there  
9 hundred in my pocket, big faces all there  
Smoke up a blunt they ain't seeing this shit  
Kenmore stove I'll whip a b in this bitch  
Automatic I don't need a key up in this bitch  
Cartier don't you see the 'C' up in this shit  
In that yellow Bentley, bumblebee up in this bitch  
When I wrote my first song, breaking down my first brick  
That was '05, I was in that '06  
In the GMC van, I'm selling fire doing tricks  
Selling dope by the pot, straight drop it's all there  
Yeah I just ran through the bag it's all there  
Pull Up if you wanna buy a half it's all there  
28, 36, a 1000, all there  
Selling dope by the pot, straight drop it's all there  
An I just ran through the check it's all there  
Pull Up if you wanna buy a half it's all there  
9 hundred in my pocket, big faces all there  
Pull Up look nigga mention y'all there  
I just left Walters nigga I ball all player  
Pull up to the spot, you might just see your dog there  
Pull up unannounced you probably see your broad there  
Dope jumping out the pot, like a frog yeah  
Pyrex smoking looking like it's fog yeah  
You having plenty money she'll suck you off yeah  
You having blocks, nigga I'm having plenty guap yeah  
Selling dope by the pot, straight drop it's all there  
Yeah I just ran through the bag it's all there  
Pull Up if you wanna buy a half it's all there  
28, 36, a 1000, all there

Selling dope by the pot, straight drop it's all there  
An I just ran through the check it's all there  
Pull Up if you wanna buy a half it's all there  
9 hundred in my pocket, big faces all there
