

King of All the Earth (feat. Katie Torwalt)

Jesus Culture

Your light shines through
My darkness, All darkness
And like fire it consumes
All my fears and my failures
Your grace overwhelms like a flood
Straight from heaven
And Your hope opens eyes
To the flood gates
of Heaven
Jesus! King of the Earth!
Let the Heavens proclaim Your work
What You've done defeated the grave
We join with angels to sing Your praise! All my soul will sing
All my soul will praise you
All my soul will sing
All my soul will praise you Jesus! King of the Earth!
Let the Heavens proclaim Your work
What You've done defeated the grave
We join with angels to sing Your praise! Jesus! King of the Earth!
Let the Heavens proclaim Your work
What You've done defeated the grave
We join with angels to sing Your praise!
We join with angels to sing Your praise!
We join with angels to sing Your praise!
Sing Your praise!
Sing Your praise!
Sing Your praise!
Sing Your praise!
We join with angels to sing Your praise! We join with angels to sing Your praise!
