

# Future Rhythm

## Digital Underground

Hit em with the rhythm of the future x4[Krazy Horse/Shock G]

(In the future) It's gonna be a rhythm divine  
A paradise peace of mind vibe for every kind  
Text to the sexless, dollars to the needy

Power to the people but DEATH to the greedy

(In the future) There's gonna be a new drug  
To keep the people sleep deep on the streets

Strung up! It keeps you lifted longer

We be faxing freaks through that Internet

Hold on, I think I got 2 new females in my e-mail[Shock G]

They told me unity was not at home

But they lied

I seen them with my TV screen phone

[Mac-Mone]

(In the future) I tap through the web online

Find time to program a freak the way I program the beats

Tweak the eats, ni son chi

Now ladies speak your speech

Hella sweet but kinda salty your balls

(In the future) Uhhh, now that's what I'm talkin bout

Got me this hard, dry swollen, out of control

Bow to the audience

Collect your chips and switch your clips

And leave the scene with the green

We give them future rhythm[?]

Moses knows this so he flows

Prophecy for the future

They're making microchips for your toes

[Humpty Hump]

And the Nose knows those that goes

Against the flow of Mother Nature

You're breaking up the show[Shock G]

Louie Louie, yes we received your fax

It said to have each others' backs[Krazy Horse/Shock G]

(In the future) No imitation Gs flexing tecs in the hood

Bravery turned sweetery, 150 turns on their streetery

Warriors who blast passed what they can't do

It's how we're hitting em in the future rhythm

(In the future) We'll still be getting lifted

The gifted will rise, no lies from the higher-ups

Power shifted, wine and [?] ain't gon be the pride

Of brown town, less stress and desperation in our eyes Hit em with the rhythm of the future

Baby, let me play with you (x4)
