

Bluebird

Nellie McKay

Bluebird
Bring back my happiness
And see me through
This clouded hour
Bluebird
On wings of loveliness
Carry me to a field
In flower
Thunder
Comes roaring up inside
I see a purple tide
And shadows weigh me
Bluebird
I wait with tenderness
So bring his love
To me
Bluebird
Bring back my loneliness
And see me through
This crowded hour
Bluebird
Where once was hopefulness
This heart has [Incomprehensible]
[Incomprehensible] Culture
Carries me in its swell
I see the faces well
Too well for a dream
Bluebird
Bring back my happiness
Oh, bring his loving heart
To me
