

All My Life

DallasK

I don't know what I was doing
Different places every night
Different faces by my side
I guess I was just pretending
Getting high and hooking up
Now I know it wasn't love
Cause you found me
And I found you
And when you're next to me
I never wanna move
You know exactly what I needed
I Know it's gonna be alright
Cause I got you by my side
All my life I been waiting for tonight
I been waiting for tonight
All my life
Every look, every touch
Never gave me enough
Couldn't find you anywhere
I was looking everywhere
All my life I been waiting for tonight
I been waiting for tonight
All my life
Didn't know what I was missing
But I finally realized
I can see it in your eyes
That I'm done with second guessing
How was I supposed to know
that I needed you the most
Cause you found me
And I found you
And when you're next to me
I never wanna move
You know exactly what I needed
I know it's gonna be alright
cause I got you by my side
All my life I been waiting for tonight
I been waiting for tonight
All my life
