We done made it out the set, from the bus to the 'Vette  
She gon' give me hella neck, I don't care it it's wet  
Ice on my chest, make your bitch wanna sex  
Came on her breasts, put them rumors to rest  
Niggas know I'm a threat, all my bitches, they rep  
She wanna catch it in the mouth, let her friend intercept  
Bitch, this ain't a test, does your bitch wanna F?  
I be fuckin' some bitches that go to the Met  
Up in Miami, we smoked on the deck  
Tequila, I'm wrecked, that's that cause-and-effect  
Take off at ten, driver waitin' when I land  
She obsessed with the dick, she my number-one fan  
When these bitches switch up, I just stick to the plan  
Mobbin' with the Mafia, don't get packed in  
Aye, Karo, remix, re-rock and finesse

My diamonds enticin'  
They dancin', they bitin'  
They shine like some lightning  
You touch me, we fightin'  
Nah, bitch, we ain't the same  
See, your boyfriend, he a lame  
He ain't runnin' the game  
He don't beat it out the frame  
He just leave you complainin', cliffhangin'  
Come and try, you think I'm playin'  
In your gang, all them niggas know my name

I be sellin' hella niggas cocaine  
I run the clothes game and I run the dope game  
I be smokin' gas pack, nothin' but the Propane  
I be gettin' hella high, rockstar like Cobain  
I'm just cuttin' Perc's into Xan's, I feel no pain

Big rings on a nigga like the Super Bowl

Tone-tone rose gold like the Rose Bowl  
Trap nigga, other day I took twenty-four  
Same day, nigga, I ain't get to change clothes  
Pour lime, pour a deuce, now I pour a four  
What's a deuce to a six in a twenty-four?  
I can shift so many packs, might get a case, oh  
But I gots all my money took, I get the case closed  
So act bold, I turn tissue when I wipe nose  
My neck froze, met my jeweller at the North Pole  
And got the backend with a blindfold and eyes closed  
You try to pop, gon' get your feelings hurt and mind blown  
My time-piece, I got it in a different time-zone  
Them diamonds that you got on is rhinestones  
I get that bag, can't be worried 'bout what y'all on  
That type of shit that get you caught up and get spied on  
That red dot hit you and see bunch of time fly  
Jet high, look in their eyes when that check fly  
Red eyes like I be up on the red-eye

Mob ties, OG's they mixin' live signs
