

# Vile Iowa

## Bear Hands

Oh the new sensation in vile Iowa  
Miles of inside of the kid, oh I am drivin' get in  
As we roll in the dark, oh the sun has hit  
On the land of the hawk Oh it spreads through the water it  
Spreads through the line now  
Leave it up to luck, baby either way I'm fine  
Take a sip from my cup if you don't wanna die  
In the mid-western sun, you're a star in my eyes You're a star in my eyes  
You're a star in my eyes  
You're a star in my eyes  
You're a star in my eyes  
(You're a star in my eyes)  
Oh I've seen your movie and you're an extra  
Looking sexy but hardly mention-able  
I've seen your pictures the mounted black and white  
Drugs and art in the same old fight Oh it spreads through the water it  
Spreads through the line now  
Leave it up to luck, baby either way I'm fine  
Take a sip from my cup if you don't wanna die  
In the mid-western sun, you're a star in my eyes You're a star in my eyes  
You're a star in my eyes  
You're a star in my eyes  
You're a star in my eyes  
Oh the new sensation in vile Iowa  
Miles of inside of the kid, oh I am drivin' get in  
As we roll in the dark, oh the sun has hit  
On the land of the hawk
