

Brand New Car

Uffie

Now the records done it's time for fun

Beep beep on my car, beep beep on my car
We're moving on my car, we're moving up the charts
I got new shoes and brand new car now Ok I got friends in the parts of the world

So when you hear this track best believe I hit the 5
Givin' props to all my crew my top ten is made of stars
We rockin' the planet with feadz in the cosmic car
So let this youngster taken you on a hip-hop ride
Across the planet techno we gonna make your body slide
Charge it, rip it, play it, say it Uffie's got that robot rock oh yeah

We go super fast, so this stuff done extra slow
Time and time you starin at my pic like a peepin tom
