

# Always

## Saliva

I hear... a voice say "Don't be so blind" ...  
it's telling me all these things...  
that you would probably hide...  
am I... your one and only desire...  
am I the reason you breathe...  
or am I the reason you cry...Always... always... always... always... always... always... always... always...  
I just can't live without you...  
I love you...I hate you...  
I can't get around you...  
I breathe you...I taste you...  
I can't live without you...  
I just can't take any more...  
this life of solitude...  
I guess that i'm out the door...  
and now i'm done with you...I feel... like you don't want me around...  
I guess i'll pack all my things...  
I guess i'll see you around...Its all... been bottled up until now...  
as I walk out your door...  
all I hear is the sound...  
Always... always... always... always... always... always... always...I just can't live without  
you...I love you...  
I hate you...I can't get around you...I breathe you...  
I taste you...  
I can't live without you...  
I just can't take any more...  
this life of solitude...  
I guess that i'm out the door...  
and now i'm done with you...  
I love you...I hate you...  
I can't live without you...  
I left my head around your heart...Why would you tear my world apart...  
Always... always... always... always...  
I see... the blood all over your hands...  
does it make you feel... more like a man...  
was it all... just a part of your plan...  
the pistol's shakin' in my hands...  
and all I hear is the sound...  
I love you...  
I hate you...  
I can't live without you...  
I breathe you...  
I taste you...

I can't live without you...  
I just can't take any more...  
this life of solitude...  
I guess that i'm out the door...  
and now i'm done with you...  
I love you...  
I hate you...  
I can't live without you...  
I love you...  
I hate you...  
I can't live without you...  
I just can't take any more...  
this life of solitude...  
I pick myself off the floor...  
and now i'm done with you...  
Always...  
Always...  
Always...
