

Right To Fall

Jessica Sanchez

Your love belongs to me
Don't you run, don't you hide
Your love does something to me
Deep inside, I come alive Cause you and I belong together
We've been hiding long enough
We can't care what they approve of
Can't let them tell us who to love So let's fight for the right to live
Fight for the right to give all
Fight for the right to fall
Fall, fall in love
We're gonna love, off we
We're gonna love, off we
We're gonna love, off we gone
We're gonna love, off we
We're gonna love, off we
We're gonna love, off we gone I've got the right to fall If loving was wrong
I don't wanna be right
And I won't be surprised
If I love you for
The rest of my life 'Cause you and I belong together
We've been at it long enough
We can't care what they approve
Can't let them tell us who to love
So let's fight for the right to live
Fight for the right to give
Fight for the right to fall
Fall, fall in love Oh, we're gonna love off and we
Oh, we're gonna love off and we
Oh, we're gonna love off and we
Gone, gone
Oh, we're gonna love off and we
Oh, we're gonna love off and we
Oh, we're gonna love off and we
Gone I've got the right to fall
I've got the right to fall So let's fight for the right to live
Fight for the right to give all
Fight for the right to fall
Fall, fall in love I've got the right to fall
Yeah, yeah, yeah
Woah, woah, woah
I've got the right to fall, yeah
The right to fall

The right to fall
I've got the right to fall
