

Skate Witches

Teen Suicide

i will take pills
and when i do
i will call you
cause i don't like myself
but i can't be someone else
and i don't like you
you don't like me too
so i will get sick
every day for a week
and when i do
i will call you
i can't stop telling lies
to everyone that i like
and i don't like you
you don't like me too
