

90s R&B

Jordin Sparks & Elijah Blake

Did you call my number? Did I cross your mind?
I know the answer, but I love how you lie
You love to play the victim, you love to be the bad guy
You wanna be priority while I'm second in line
And you know what you do and how you do
When you're doing it to me
'Cause it's good when it's good, but then it's all bad, yeah
Do you tell everyone that no one like you do it when you do me?
Cause you never miss a party in L.A. But I love the way
Baby, you love me, love me, love me
Like some 90s R&B
I love the way
Whenever we're alone, you love me, love me
Like a deep cut on replay
Yeah yeah, yeah yeah yeah yeah yeah
Just like some 90s R&B
Yeah yeah, yeah yeah yeah yeah yeah yeah
Like a deep cut on replay
Yeah yeah, yeah yeah yeah yeah yeah
Just like some 90s R&B
Yeah yeah, yeah yeah yeah yeah yeah yeah
Like a deep cut on replay
Last night, I held you, held you like you were mine
You only come over when you're killing time
So I'll keep pretending, pretend it's all in my mind
We can be much more than just a temporary high
And you know what you do and how you do
(Said you know what you do, when you do it)
When you're doing it to me (When you do it to me)
Cause it's good when it's good, but then it's all bad, yeah
(When it's bad, so bad)
Do you tell everyone that no one like you do it when you do me?
(Tell everyone that they ain't the one)
Cause you never miss a party in L.A, oh But I love the way (Said I love, I love)
Baby, you love me, love me, love me (Like some 90s)
Like some 90s R&B (Yeah)
I love the way (I love the way whenever we're alone)
Whenever we're alone, you love me, love me
(Said you love me like a)
Like a deep cut on replay, ooh Ayy, ayy, ayy, ayy
