

Lingo

Yung Pinch

Told her, "That's just how I talk"
I got my own lingo
Big lit, I'm the one they make a scene for
Drip, drip, all this water on me, Nemo
Beach Boy in this bitch, feelin' emo
Get lost, don't spill this 'cause
Big sauce, watch me switch it up Kris Kross
They gon' hang on every syllable
And I ain't tryna make it difficult
Said bye Felicia
I just cracked a pint and poured a liter, nice to meet ya
Diamonds moon-walking, Billie Jean
I turn into a savage
I pray to God no one hurt me
Keep up, keep safe, foreplay turned threeway
I'm headed to you 140 on the freeway
And since I got a bag, yeah, every day my B-Day
Big G on my dash, I go fast like a speed way
Told her, "That's just how I talk"
I got my own lingo
Big lit, I'm the one they make a scene for
Drip, drip, all this water on me, Nemo
Beach Boy in this bitch, feelin' emo
Get lost, don't spill this 'cause
Big sauce, watch me switch it up Kris Kross
They gon' hang on every syllable
And I ain't tryna make it difficult
Do what I want when I want
I don't usually wear it but I bought a Saint Laurent
She know I got it I don't flaunt
She know she gettin' what she want
You know this water pacific, I can't be more specific
To look like this it cost digits
They just talkin' we livin'
If that's your hoe-oh, come and get her
She can't drink no more of my liquor
It's for my bros, yeah they know that I'm a sipper
It's for my bros, yeah they know that I'm a sipper
Told her, "That's just how I talk"
I got my own lingo
Big lit, I'm the one they make a scene for
Drip, drip, all this water on me, Nemo
Beach Boy in this bitch, feelin' emo
Get lost, don't spill this 'cause
Big sauce, watch me switch it up Kris Kross, yeah
They gon' hang on every syllable, yeah
And I ain't tryna make it difficult
