

Too Much To Handle

Great Good Fine Ok

I think I'm gonna melt away
I think I'm running out of time
How much can I hear you say
Before I take what's mine?
I swear I never meant to go
Just tell me what I need to know
And meet me between the line
Trying to catch you right my mind Oh oh oh ooh oh
What you gonna do when I go?
And it's all of my day walk
When your time is up
When your love won't make a sound?
What you gonna do then?
It's almost too much to handle!
Oh ooh oh oh ooh
It's almost too much to handle!
Oh ooh oh oh ooh
It's almost too much to handle! Maybe you've said it all
It wasn't always my fault
Play with the heat in the cold
You always want to show me more
And you've never seen here before
When you will, he calls
You came into my left alone
Looking for a place to call your own.
Oh ooh oh oh ooh, oh ooh oh oh ooh
What you gonna do when I go?
And it's all of my day walk
When your time is up
When your love won't make a sound?
What you gonna do then?
It's almost too much to handle!
And it's all of my day walk
When your time is up
When your love won't make a sound?
What you gonna do then?
It's almost too much to handle! I'll never wait for a love life, never wait never wait for a love life
I'll never wait for a love life, never wait never wait for a love life
I'll never wait for a love life, never wait never wait for a love life
I'll never wait for a love life, never wait never wait for a love life What you gonna do when I go?
And it's all of my day walk
When your time is up

When your love won't make a sound?
What you gonna do then?
It's almost too much to handle!
And it's all of my day walk
When your time it's up
When your love won't make a sound?
What you gonna do then?
It's almost too much to handle!
