

# Party In Your Bedroom

## Cash Cash

There's a party in your bedroom all night long  
There's a party in your bedroom all night long  
There's a lot of talk about you  
'Cause there's a party in your bedroom all night long  
Pretty girl it's a show, let it go when you're alone  
There's a party in your bedroom all night long  
There's a lot of talk about you  
'Cause there's a party in your bedroom all night long  
Pretty girl it's a show, let it go when you're alone  
Lips sealed tight, don't say goodnight  
Walkin' down the street, keepin' hush, hush on the scene  
No one knows you, such a mystery  
Opposite of fun 'til you turn the power on  
Then you come out turnin' up the heat  
Upstairs all alone, one click for a show  
Your roof is on fire, you're losing control  
There's a party in your bedroom all night long  
There's a lot of talk about you  
'Cause there's a party in your bedroom all night long  
Pretty girl it's a show, let it go when you're alone  
Lips sealed tight don't say goodnight  
Dancing with your hands turning strangers into friends  
Touch the keys please and unlock my heart  
You're free to be a freak, change your picture every week  
Show the camera you're a super star  
Upstairs all alone, one click for a show  
Your roof is on fire, you're losing control  
There's a party in your bedroom all night long  
There's a lot of talk about you  
'Cause there's a party in your bedroom all night long  
Pretty girl it's a show, let it go when you're alone  
There's a party in your bedroom all night long  
There's a lot of talk about you  
'Cause there's a party in your bedroom all night long  
Pretty girl it's a show, let it go when you're alone  
Lips sealed tight don't say goodnight  
It's no debate, when I think of you can't stay on track  
'Cause I can't wait, can't stay on track, can't hide the fact  
You're all I want, you're all I need  
Let's get this party started, kick it hard just you and me  
There's a party in your bedroom all night long  
There's a lot of talk about you  
'Cause there's a party in your bedroom all night long  
Pretty girl it's a show, let it go when you're alone  
There's a party in your bedroom all night long  
There's a lot of talk about you  
'Cause there's a party in your bedroom all night long  
Pretty girl it's a show, let it go when you're alone  
Lips sealed tight don't say goodnight
