

We Got More (feat. Luniz)

Digital Underground

Verse 1 *(Shock G)* Mammy, zabby, damn there's nothin to me
but when they rock us in the streets we say "Ooo-we"
you see the freak in the beat, she do me
I hit that mitty-bitty wit the sticky ooo-we gooy
I got more funk in my left in my left pinky toe
I got more soul in my style
then they will ever know
I got more rhythm than I'll ever need to show
we got them groceries bro
yo Luniz let go.

Verse 2 *(Numskull)* I got the flow so let the Luni man take over
get deep into my hold
if ya lost, then picture gold
I heard styles that others stole
but it's no original flow

like the Luniz an the man wit the nose. Verse 3 *(Yukmouth)* Notice my flows kick like a
loaded Mac-11

ghetto heavy, could climb wit mo "Good Times" than James Devin
glock wars
meanin you criticize Tupac for

homies in the hood, we strap Rugers an "We Got More". Chorus *(Shock G)*

Didn't ya know
our brothas got more
so check the new flow
cuz here we go-e-o-we-oh.

Look how we throw
a lil sumpthin to roll to
hold you, from the O-we-O-we-O. Verse 4 *(Shock G)* I got that Voodoo runnin through my

veins
quit
surpressed yes
crazy no
not insane

I smoothie through the menu then I make my order
I got that dominate gene
so if ya 'noid hide yo daughter
the love ya givin is based on what I do for you
for the right amount of money you probably let me? you
I like to glide up in it, but I got my pride
ain't no whore

don't second guess yo man cuz he got more. *(Chorus)* Verse 5 *(Yukmouth)* Studio gangstas
wanna battle, well let's battle

I blasted
they plastic ass get put under ground wit the fragments. Verse 6 *(Numskull)* Snaggle tooth
rhymers wit no flavor
save a gang a neighbors
then move away so they won't be called haters. Verse 7 *(Yukmouth)* Captain Save-A-Hoe
up-up an away ya go
the "O" is too unfadeable. Verse 8 *(Numskull)* But don't trip
get a grip
make ya own skit
be sure
before
you slide through the door cuz "We Got More". Chorus *(Shock G)* 2x Didn't ya know
our brothas got more
so check the new flow
cuz here we go-e-o-we-oh.
Look how we throw
a lil sumpthin to roll to
bump hoes to
from the O-we-O-we-O.
