

# She Dgaf

## The Internet

Her state of mind is constantly changing  
To hell and back  
She drives, switching lanes  
Not knowing what she has till she knows where she's going  
If she can just get passed this traffic  
She tries and tries to find peace of mind  
But these days everythings in your face  
So she stays soul and in her mind  
Blowin' smoke in the sky  
Cause it's her only vice  
I wonder why  
She blows smoke in the air, in the air, in the air  
Cause she don't give a fuck X4 no  
She shaved off all of her hair, of her hair, of her hair  
Cause she don't give a fuck X4 no  
Some people seen the way she needs changing  
They don't know the struggles that she was raised with  
So shut the fuck up  
Just shut the fuck up  
Stop thinking that you know everything  
You don't and you never will  
so just let it go  
And be free as long as you're kind and and youve been born with the fight  
So don't wonder why  
She blows smoke in the air, in the air, in the air  
Cause she don't give a fuck X4 no  
She shaved off all of her hair, of her hair, of her hair  
Cause she don't give a fuck X4 no
