

# This Could Be the Night

## Loverboy

Ask any girl  
In this lonely world  
Ask any girl  
She'll say make it last forever I'm holding out my hand  
I finally understand  
So turn out the lights, oh yeah  
We'll make it last forever I've been down the streets of desire  
Sometimes I was so uninspired  
You found what was locked up inside of me Oh, whoa, this could be the night  
The night to remember  
We'll make it last forever  
This could be the night  
Oh, to end all nights  
I've always been the one  
Lovin' on the run  
That's when you come undone, oh girl  
Why do you wait for me? Out on the borderline  
Between the hurtin' lies  
And the true emotions  
That make it last forever This could be the night  
The night to remember  
We'll make it last forever  
This could be the night  
Oh, to end all nights I've been down the streets of desire  
Sometimes I was so uninspired  
You found what was locked up inside of me  
This could be the night  
The night to remember  
We'll make it last forever  
This could be the night  
Oh, to end all nights This could be the night  
The night to remember  
We'll make it last forever  
This could be the night  
Oh, to end all nights To end all nights
