

# Turn 'Em Away Am Not at Home

Paul Balancio

You were the sun to my sunlight  
You were the doorway through your light  
I'm not so innocent alright  
Here with you You were the shattered to glasses  
Break them and turn em to ashes  
You are my glistening horizon  
Here with me Turn em away am not at home  
Turn em away am not at home  
Turn em away am not at home  
Come and play Turn em away am not at home  
Turn em away am not at home  
Turn em away am not at home  
Come and play  
I gave my own light for your light  
Use it and watch it go goodbye  
Goodluck with all your ambitions  
Turn away I'm not so proud of nobody  
Happy for only your happy  
If things are not in this world  
No more home Turn em away am not at home  
Turn em away am not at home  
Turn em away am not at home  
Come and play Turn em away am not at home  
Turn em away am not at home  
Turn em away am not at home  
Come and play  
Turn em away am not at home  
Turn em away am not at home  
Turn em away am not at home  
Come and play Turn em away am not at home  
Turn em away am not at home  
Turn em away am not at home  
Come and play
