

We Don't Luv Em (feat. Gucci Mane) [Remix]

HoodRich Pablo Juan

Ooh, yeah
MONY POWR RSPT, nigga
It's a money set, you know what I'm saying?
Everybody getting money, nigga
Yeah, Pablo Juan The money go where I go
Smoking on gelato
Foreign car swerving, potholes
Bad bitch, she from Chicago
She freaky, she gon' bust it
She thick as fuck, I'm lusting
I got her from my cousin
So what? 'Cause we don't love 'em
Fuck that, I wanna hit from the back
Backwoods smoking, it's fat
Dressing like I got a sack
I pull up, jumped out the back
Bad bitch and her ass fat
Four-door Coupe, it got a hatch
On the Xans, I might crash that
Car got gadgets, my bitches got asses
Expensive glasses like I'm teaching class
Too fresh to take out the trash
Fresh to death, where is my casket?
I always stay with assassins
I'm always late with the fashion
Teacher gave me an L, that's fantastic
VS diamonds on me, look how they flashing
Rocking Saint Laurent, I guess I be dabbing
I got the Louis V, Supreme collabbing
Bought a mansion way away like a cabin
Taking off my swag, I feel like your daddy
You a beggar, I'm a hustler
I'm the dealer, you the customer
Catch up, little nigga, I'm mustard
Smoking the Backwoods, they coming from Russia
I ain't never really trust you
Knew I should've never trust you
You ain't real, you a busta
These niggas was always sus
These niggas start snitching for nothing
These niggas wanna live by the gun
Guess what? You gon' get what you want

El Patrón, nigga, I want a ton
The money go where I go
Smoking on gelato
Foreign car swerving, potholes
Bad bitch, she from Chicago
She freaky, she gon' bust it
She thick as fuck, I'm lusting
I got her from my cousin
So what? 'Cause we don't love 'em
Fuck that, I wanna hit from the back
