

Circle

Flyleaf

Circle encircles the earth
Chance and choice break his heart
His innocent arm moves to save me and I am spared
His beautiful arm is bloody and cut off
His heart ripped out to show me he loved me
But I wouldn't believe him
He did all that he could
I still would not believe him I left his arms empty and tied outstretched for me until he died
I left his arms empty and tied outstretched for me until he died
No man shows greater love
Than when a man lays down his life
For his beloved I left his arms empty and tied outstretched for me until he died
I left his arms empty and tied outstretched for me until he died And here I am alive
And I don't have the right
And he gave me the right
Costing him his life
New mercy's in the morning I believe! What if I believe you now?
Could it ever change this for you?
Forgive me, relieve me
Please come back to life
I believe! What if I believe you now?
Could it ever change this for you?
Forgive me, relieve me
Please come back to life
Come back to my life I believe! What if I believe you now?
Forgive me, relieve me
Please come back to life
