

# We Fcuk

## JAYLIEN

[Intro: Carpenters]

Begun to live  
White lace and promises  
A kiss for luck and we're on our way  
Before the rising sun

[Verse 1]

I remember not too long ago we touched  
Then remembered not too long ago we fucked  
You was getting so high Wiz Khalifa  
Haven't seen you in a couple weeks im stuck  
I just need to feel your energy now  
Wondering if you're still into me now  
Ok it's been too long  
And girl you been too gone I miss when we fuck  
Tell me how much do you need from me  
I'll give you everything not a piece of me  
I'll buy you every ring out of Tiffanys  
As long as you throw it back you won't hear shit from me  
I'm just being honest  
You're probably scared & your heart is guarded  
I saw your best friend at the after party  
And I asked where you at Tho  
She told me that you just left out the back door  
Whatchu sneaking out the back for  
In a rush  
Ran past the bar now I'm outside  
I saw you get into a car  
Who's that guy  
Is that the nigga that's keeping you away from me  
I was wishing you would wait for me  
Yea  
I was hoping you would stay with me tonight  
Cause I was having fantasies about when we fuck  
(Wow)  
I wish I knew you changed your mind  
Damn I hate wasting time  
And even though now it ain't mine  
I miss when we fuck

[Outro]

I miss, I miss, I miss, I miss it girl  
I miss, I miss, I miss, I miss it girl  
I know you do, you do, you do too

You thinkin, thinkin bout the same things  
I am  
Aww yea
