

Disarm You (feat. Ilsey)

Kaskade

Let me disarm you
I'm not trying to own you
I just want to know what it feels like
To have your body so close
Let me observe you
Of the past that controls you
I just want to know what you look like
Without a weight on your soul
I know somewhere we could get away
If you want to find another place
Like disappear and never leave a trace
I'll take you anywhere you want
So let me disarm you
There's an army I'm finding around your heart
Let me disarm you
'Cause baby I just want to love who you really are
who you really are
So let me disarm you
So let me disarm you
Spoken in silence
Plays in like sirens
I can bring you out of a dark place
Into a fiery light
I know somewhere we could get away
If you want to find another place
Like disappear and never leave a trace
I'll take you anywhere you want
So let me disarm you
There's an army I'm finding around your heart
Let me disarm you
'Cause baby I just want to love who you really are
who you really are
So let me disarm you
So let me disarm you
So let me disarm you
There's an army I'm finding around your heart
Let me disarm you
'Cause baby I just want to love who you really are
Who you really are
Let me disarm you
