

Something to Dance For

Zendaya

A dream like this, that's something you wish for
A dream like this, that's something you ask for
When it's a gift worth taking a chance for
Then this is something you dance for Hey yeah yeah, ohh this is something you dance
for There's a moment when you look to decide
Who will fall, who will survive
That's the moment when you find it inside
On the line, this is your time
And it's all I want, and it's all I do
A dream like this, that's something you wish for
A dream like this, that's something you ask for
When it's a gift worth taking a chance for
Then this is something you dance for Can you believe it you feel alive?
Hit your mark, ready to rise
Your body's aching but your heart doesn't mind
Feel on the ground, eyes on the prize
And it's all I want and it's all I do... A dream like this, that's something you wish for
A dream like this, that's something you ask for
When it's a gift worth taking a chance for
Then this is something you dance for A dream like this, that's something you wish for
A dream like this, that's something you ask for
When it's a gift worth taking a chance for
Then this is something you dance for
For the love, for the fame, to bring down the rain
By the way that you feel when they're calling your name
For the days, nothing more, it's just you on the floor
Oh this is something you dance for
A dream like this, that's something you wish for
A dream like this, that's something you ask for
When it's a gift worth taking a chance for
Then this is something you dance for
A dream like this, that's something you wish for
A dream like this, that's something you ask for
When it's a gift worth taking a chance for
Then this is something you dance for
