

# Hype Talk

## Dizzee Rascal

Hype talk  
Inside outside  
Ra ra ra  
Too many man talk nuff' bla bla  
Talk like Dizzee aint got a tempa'  
Hit em' wit da force like sky walker  
Inside outside  
Ra ra ra  
Too many man talk nuff' bla bla  
Talk like Dizzee aint got a tempa'Yo! Look!  
Dillan's on a hype now  
I see you doin' quite alright  
I see your video da other night  
How did he get a record deal  
Chattin' like he's super-real  
I see you roam around market  
On Saturday there you go  
Better Dillan days standin' in da park  
What's da word on da street  
Did he really slap her?!?  
Is true Wiley skipped da country left him?!?  
Did he punch Mega in da face for tryin' to test him?!?  
I know he won a mercury award and brought it back to da estate  
I know some broad's in da manner hate and frequently debate  
Da way he makes moves  
How's he steppin' is he reppin'  
Cause dey know he goes to Hackney  
And dey wonder what he's getting'  
Plus I know he had dat Wall St. gat  
Da other day I see him leavin' Natalie's flat  
He used to work dat south girl  
Da mouthy one  
What's his name's cousin  
Still I know a couple girls are on it  
I could name a dozen  
But he aint no player  
He be getting' all da gash  
Cause now dey know he's got a little  
Cash and a stash  
Dat will keep him looking' pretty for da future in a flash  
But little do dey know he's only looking' for da lash  
Cause Dillan's on a hype now!

Got his face on his tee-shirt name on his trainers da edieah!  
He got a new era cap wit his logo  
My bredrin's saw him tryin' on tracksuits in soho  
I'm buyin' jackets from Benenni in LA  
I heard he went to broadway  
Limo drive him through Queens  
Is he livin' out his dream is he ballin' be truthful  
Cause he aint sittin' on da wall like he used to  
He was on a far tip at one point  
He used to peel on Volvo to take da flows to Bethal Green  
Next thing I hear him on da pirate radio scene  
He used to do deja writ an evil flavour  
Bought records off target and mix an a-Dub  
Then worked his way to A list  
It's funny cause da older's used to dismiss  
Dey never for a second anticipated this  
Not guts no glory  
Dillan took a risk took da piss now  
Fella's wanna act nigga  
If I reminisce on days when Dillan weren't all so crystal  
Dey know Dillan put da game on a twist and  
Dillan's on a hype now!  
Worldwide interviews and business trips  
Invitations to premiers and new flicks  
And all da chicks got his name on their lips  
But couple gunman kinda got him on da brain  
And also da couples wanna put him on frame  
Dey're constantly watchin' so he better maintain  
But he's getting' major money so he can't complain!  
Inside outside  
Ra ra ra  
Too many man talk nuff' bla bla  
Talk like Dizze aint got a tempa'  
Hit em' wit da force like sky walker  
Inside outside  
Ra ra ra  
Too many man talk nuff' bla bla  
Talk like Dizze aint got a tempa'  
Hit em' wit da force like sky walker
