

# X (feat. Zendaya)

## Prince Royce

Hace mucho tiempo que no sé de ti  
Y de momento apareces aquí  
Botella en una mano  
Y sus labios colorados  
Me dice que escucho en la radio mi canción y que extrañaba de mis besos X lovin' with my ex  
lover  
Explorin' escaping once again to that ocean that we used to swim in  
(Zendaya & Royce)  
X lovin' with my ex lover  
Explorin' escaping once again to that ocean that we used to swim in  
(Zendaya)  
I'm comin' with that  
I want your loving boy  
I know what you want  
I'm gonna lay down  
I'm gonna show you what you're missin'  
You say what you want  
You know I'm what you want  
Ooooh(Royce)  
Aqui no hay sentimiento  
Pero aún quedan ganas  
De beber esa copa y antes me daba café todas las mañanas  
No se si es una trampa o un deseo  
Cuando me buscan tus besos  
Ex lovin' with my ex lover  
Explorin' escaping once again to that ocean that we used to swim in  
(Zendaya & Royce)  
Ex lovin' with my ex lover  
Explorin' escaping once again to that ocean that we used to swim in Lost in deja vu  
But it feels with you brand new  
Aqui no hay sentimiento  
Pero aún quedan ganas  
De beber esa copa y antes me daba café todas las mañanas  
No se si es una trampa o un deseo  
Cuando me buscan tus besos(Royce)  
Ex lovin' with my ex lover  
Explorin' escaping once again to that ocean that we used to swim in  
(Zendaya & Royce)  
Ex lovin' with my ex lover  
Explorin' escaping once again to that ocean that we used to swim in  
(3 times) And you know and you know and you I got it  
I got that good shit

I got that good shit  
(2 times)Escapin' once again to that ocean  
I got that good shit
