

# One Kiss

Sofia Carson, Dove Cameron & China Anne McClain

Don't freak out, it's ok  
'Cause true love can save the day  
And I think we feel the same But I don't know  
When we met, it was sweet  
He was oh so into me  
Seems like things are meant to be  
But I don't know Does he love me, or does he love me not?  
Do I love him and is it strong enough?  
One kiss, one kiss  
It all comes down to this  
One kiss, one kiss  
Oh-oh, oh  
One kiss, one kiss  
This moment could be it  
I, I, I wanna know  
So here I go Keep it cool, keep it calm  
Think he's loved me all along  
But maybe I got it wrong  
So I don't know  
He's so good, got my back  
But maybe I'm just too bad  
Could we be a perfect match?  
Now, I don't know  
Does he love me, or does he love me not?  
Do I love him and is it strong enough? Ooh-ooh-ooh  
One kiss, one kiss  
It all comes down to this  
One kiss, one kiss  
Oh-oh, oh  
One kiss, one kiss  
This moment could be it  
I, I, I wanna know  
So here I go  
Yeah, here I go I feel my heartbeat beatin'  
Saying: "It's gonna work"  
But if I'm dream, dream, dreamin'  
This is gonna hurt  
Either I will or I won't  
What if I do and he don't?  
Is he my Romeo?  
Oh, there's only one, one way to really know Hey!  
One kiss, one kiss

It all comes down to this  
One kiss, one kiss  
Oh-oh, oh  
One kiss, one kiss  
This moment could be it  
I, I, I wanna know  
So here I go Here I go  
Here I go  
Here I go
