

Velocity Girl

Snow Patrol

Oh velocity girl
What makes you go so fast
Is it the speed you're taking
Since you gave up the drinkin' Oh velocity girl
I can't keep up with you
Can't stand to be alone
Think you should be with me Just wanna stay here in your arms
Oh velocity girl
Try hard to stop it
Understand me when I say
Please don't leave today Oh velocity girl
Don't know what I'm thinking
Since I gave up the drinkin'
Will you please just stay with me Just wanna stay in your arms Oh velocity girl
I cannot touch your hand
I cannot move it here
Don't you understand
I just stay here in your arms
I just stay here in your arms
I just stay here in your arms
I just stay here in your arms Oh velocity girl
Oh velocity girl
Oh velocity girl
