(feat. Skyzoo)[Sean Price:]

You'll hear him

P! Oh my gosh, crazy, even Brooklyn got short

Yo, who got more raps than P?

[crickets chirping] Yeah you got more raps but please

Sean Price a walkin and talkin rappin machine

Rappin for cream, slap your faggot rapper regime

Yo it's all about a dollar bill, I got a lot of skills

Pull the pound, push you down, clown you in Pottersville

Top shotta, +Don Dada+, don't make me use a gat

Love Jamaican pussy me and Dru call it +Supercat+

Y'all niggaz superwhack, you shouldn't choose to rap

You crazy Sean, save it young, get some shoes and tap

That's a nice chain, fuck you gonna do with that?

Not a damn thing, I'm doin my damn thing

Niggaz actin stupid when they see the God Sean around the way

Quiet when I'm there, when I'm gone got a lot to say

Charlie Brown teacher, Pootie Tang duke, sa da tay

Real niggaz right here, fake niggaz thattaway

[Chorus: Skyzoo]

You already know

We straight off of the corner and the sewer is the zone

So get in where you fit in or the toolie's gettin blown

There's nothin you could do that we ain't do already homes

We movin with the chrome homey, you already know

We straight off of the corner and the sewer is the zone

Now get in where you fit in or the toolie's gettin blown

To all my boostin bitches that be movin out them clothes

Let's do this for this dough shorty, you already know[Sean Price:]

Aiyyo, backseat with a freak, fuck in my car

Pulled a prayer up, got like "Hamduallah"

Roll with a squad, Boot Camp, remember the name

Nicest niggaz you don't know in the game, hello

Listen, I'm one of the best, you not that nice yo

Similar with shit but that's not Sean Price though

Might go, psycho, liposuction

Knife pokes, white folks, I know nothin

Y'all motherfuckers think y'all nice
Do you hear me now you gon' think twice, GOD DAMN~!
That nigga Sean Price fire
Meanwhile I'm at Dru crib, tryin to watch The Wire
A few bags of weed and a couple of pills
Freak show for these freak hoes who suck on my dillz
Yo it's my time to shine you had your turn you lost
Hate to hear the truth then turn the shit off, motherfucker[Chorus]
