

# Breaking the Angle Against the Tide

## Craft Spells

Its hard to keep around when you feel dead inside all the time  
Think Ill leave you for the hardest of times  
So breaking the angle against the tide and called it mine  
Youve wasted too much of my time sometime  
In the heart of haze its hard to cry, stay inside  
Find within, I cant put it aside  
So breaking the angle against the tide and called it mine  
Youve wasted too much of my time sometime
