

Defender

As I Lay Dying

Defender Fighting so hard to be heard
Yet having nothing to say
You talk about changing masses
But forget those close to you Most of us have given up
On these words that all sound the same
But I am still willing to believe
If you have done all that you can You can justify almost anything
If you are willing to be loud enough
But once you've spent everything
To change the world around you
Even if your voice is taken away
Such actions will still inspire
Most of us have given up
On these words that all sound the same
But I am still willing to believe
If you have done all that you can Drained
Spent
Determined
Intent
Now you've earned the right to be heard We've been deceived by elegant speech
Whose only concern is mere distraction Defender Drained
Spent
Determined
Intent
Now you've earned the right to be heard
I will follow to the grave
A man who's willing to die Most of us have given up
On these words that all sound the same
But I am still willing to believe
If you have done all that you can I am willing to die
