DAVE EAST FEAT. POPCAAN - UNRULY
Murder, murder
Unruly
Bomboclaat do dem, Dane Ray?
Ayy, Dave East, what dem ah do, man?
Yuh fuck
Trouble, killy
Killy, man ah killy
Murder, murder
Bomboclaat do dem? Bomboclaat do dem, Dane Ray?
Wicked
Ayy, Dave East, what dem ah do, man?
Yuh fuck
Trouble, killy
Run it up
I cannot slow down, I ain't done enough
Ran a few shots, fucked my stomach up
I done a lot, knotty dread with me yellin' bomboclat (Bomboclat)
I just bought another Glock
Give your ass a stomach shot
Shit bag 'em
I'm gon' get this money, they just get madder
My bitch badder, whip faster
Ran a lap, skipped past 'em
Wedgie niggas, bitch slap 'em
Duct tape 'em, kidnap 'em
Cop a Rolly on 'em
Bust it down and wave your wrist at 'em
Before I turned twenty-one, I been savage
The dope fiends I'm cool with, they been addicts
This glow I got, I been had it
Niggas think they rastas they first time watching Shottas
Spot you like binoculars, pull up fresher than Binaca
I'm the fronto smoker, black version of Alejandro Sosa
Shoot up your party before it started, now it's over
Wild youngins, now we older
They smell that odor 'fore they pull us over
They ain't stopping shit, we tryna push the culture
Niggas lose they life to these songs before the hook is over (Ya fuck)
You couldn't tell me right from no wrong, was never looking sober
I'm actually focused
Half these niggas wearing Fashion Nova
This is pimpin', go get that paper like your ass supposed to

And when dem see me drippin' every day
 Anywhere you see, me did a later day
 Don't play, bring the chopper anywhere
 Dave East make ya girl sing a melody
 Tell 'em man a kill it down, kill it down, kill it down
 Tell 'em man a kill it down, kill it down, kill it down
 WoiMy uncle told me get low the minute that you see it's hot
 Plus he told me keep a Glock, he was knockin' Peter Tosh
 Super Cat, virus dropped, tour dates, moved 'em back
 Dirty nigga tellin' on the homies, you a sewer rat
 You wanna run, it's time to go hide, find me inside
 Big spliff lit, knocking vibes, call Taylor, probably Buju
 Making movies before you heard of Netflix or Hulu
 Had a Haitian introduce me to voodoo before Fubu
 I ain't giving nothing up, you gotta rob me
 Studying Dudus, you know, Christopher Coke, I'm talkin' Shower Posse
 Youngin mindset, I catch a body, they gon' idolize me
 I watched homies die and that shit traumatized me
 We watch niggas shining, tried to plot the robbery
 You look around, it's only family
 We landing at Norman Manley
 Investing like Morgan StanleyAnd when dem see me drippin' every day
 Anywhere you see, me did a later day
 Don't play, bring the chopper anywhere
 Dave East make ya girl sing a melody
 Tell 'em man a kill it down, kill it down, kill it down
 Tell 'em man a kill it down, kill it down, kill it down
 WoiUnruly da boss, fully Jamaican
 Dave East run the streets, demma a ease all 'em
 Badmon will burn ya skin like we done blem
 Uptown thugs, them a sing the street anthem
 Kill it down, kill it down, kill it down
 Tell 'em man a kill it down, kill it down, kill it downAnd when dem see me drippin' every day
 (Woi)
 Anywhere you see, me did a later day
 Don't play, bring the chopper anywhere
 Dave East make ya girl sing a melody
 Tell 'em man a kill it down, kill it down, kill it down
 Tell 'em man a kill it down, kill it down, kill it downBomboclat
