

# Just Chillin'

Craig David

Uh oh uh oh  
Uh oh uh oh uh oh uh oh [x4]I'm in the club tonight kicking back  
(so what's up?)

Just chillin'

Ain't no question that this pretty girl wanna be all up in it  
I'm in the mood tonight to get it crunk alright, get my grind on yeah

Ain't no holding back cos it's a fact you're the girl I'm feelin'

You look so sexy when you're dancing  
When you dip it low then flip it back to front and?

Ooh I like the way you got your eyes on me

Maybe we could work it

But don't stop what you're doing tho

Maybe we can fly

Way up to the sky

Baby we can go

Anywhere you like

Baby we can move

Ain't got nothing to lose

Girl we can do this

Anyway you want itOh girl

Sexy to me

Oh girl

I like the way you work it work it on me

Oh girl

Sexy to me

Oh girl

I like the way you work it work it on me

All my fellas and my girls and

All my hustlers making money time to fall in

Ooh you're so damn sexy want the world to know

This girl got me open

Ain't gon' front 'cos I like her soMaybe we can fly

Way up to the sky

Baby we can go

Anywhere you like

Baby we can move

Ain't got nothing to lose

Girl we can do this

Anyway you want itOh girl

Sexy to me

Oh girl

I like the way you work it work it on me

Oh girl  
Sexy to me  
Oh girl  
I like the way you work it work it on me Uh I know you like it girlfriend come on  
As I watch you from across the bar  
You shine girl  
Ooh it's something 'bout the way you move  
You feel me  
Makes a brother wanna slide up right up next to you  
Come on Girl you know this man's got his eyes on you  
Temperature rise can you feel it too  
When I look at you  
Don't wanna lose my cool  
But baby I can't help it Oh girl  
Sexy to me  
Oh girl  
I like the way you work it work it on me  
Oh girl  
Sexy to me  
Oh girl  
I like the way you work [x3]
