

Secret Lover

Danity Kane

If I give you my love, you gotta keep it cool
Don't ya go running your mouth
If it gets out it's your ass, and you're gonna have to lose
But don't make me regret what we do(Pre-)
It feels so good, whenever you kiss me there
(Hold on wait a second, lemme make sure we can move)
As we can move, yeah, make sure no-one's watchin'()
We do everything here behind closed doors
Make sure the blinds are shut so I can be ya secret lover
(Luva luva luva) If we do this now you can tell a soul
Oh, wanna be a secret lover? Can I be a secret lover?

(2)
