

Long Way Down

Robert DeLong

I've been fucking around while you've been saving the world
I've been out of my mind
I've been dreaming things and
scheming things
I've been smoking the poison
You've been slinging your anecdotes
I've been fucking around while you were saving the world
From nothing
The end
The end
Things will never go our way
In the end
The end
Things will never go
So take it in don't hold your breath
The bottom's all I found
We can't get higher than we get
On the long way down
On the long way down
On the long way down
Burning light in my eyes
Blinding me from the truth
If there's a shadow in me
The dark is a tidal wave
Inside of you
Taking shots of communion
Getting drunk on your antidote
I'll save you a seat next to me down below
The end
The end
Everyone will go away
In the end
The end
Everything will go
So take it in don't hold your breath
The bottom's all I found
We can't get higher than we get
On the long way down
On the long way down
On the long way down
Down, down, down
So take it in don't hold your breath

The bottom's all I found
We can't get higher than we get
On the long way down
So take it in don't hold your breath
The bottom's all I found
We can't get higher than we get
On the long way down
On the long way down
On the long way down
