

# Lean On

Becca Stevens

When your prayer to the heavens  
Hears no answer  
And your headsick and writhing  
Like a broken dancer  
Grab a hold, love  
I can hold us  
Don't stay long, [?]  
Bring it to me Now you've fallen in the black well  
Slipping farther  
And your poor legs are seizing  
From treading water  
Grab a hold, love  
I can hold us  
Till the brook dries  
Hold on tight, love  
If you trip  
Lean on  
Little love  
You can lean on  
If you trippin'  
Lean on  
I'm a lover you can lean on  
If you trip  
Lean on  
Little love  
You can lean on  
If you trippin'  
Lean on  
I'm a lover you can lean on  
Are you scared for tomorrow  
Can we make it  
Here's a ring for your finger  
If you'll take it  
Grab a hold, love  
I can hold us  
Through the [?]  
Don't let go, love If you trip  
Lean on  
Little love  
You can lean on  
If you trippin'  
Lean on

I'm a lover you can lean on  
If you trip  
Lean on  
Little love  
You can lean on  
If you trippin'  
Lean on  
I'm a lover you can lean on  
If you trip  
Lean on  
Little love  
You can lean on  
If you trippin'  
Lean on  
I'm a lover you can lean onLean on  
Lean on, now, love  
Lean on  
Lean on, now, love  
Lean on  
Lean on, now, love  
Lean on  
Lean on, love  
Lean on  
Lean on, now, love  
Lean on  
Lean on, now, love  
Lean on  
Lean on, now, love  
Lean on  
Lean on, love  
Lean on  
Lean on, now, love  
Lean on  
Lean on, now, love  
Lean on  
Lean on, now, love  
Lean on  
Lean on, now, love
