

# Land of Confusion

## Disturbed

I must've dreamed a thousand dreams  
Been haunted by a million screams  
But I can hear the marching feet  
Moving into the street Now did you read the news today?  
They say the danger's gone away  
But I can see the fire still alight  
Burning into the night There's too many men, too many people  
Making too many problems  
And there's not much love to go around  
Can't you see this is a land of confusion?  
This is the world we live in  
And these are the hands we're given  
Use them and let's start trying  
To make it a place worth living in Our superman, where are you now?  
When everything's gone wrong somehow  
The men of steel, these men of power  
Are losing control by the hour And this is the time, this is the place  
So we look for the future  
But there's not much love to go around  
Tell me why? This is a land of confusion This is the world we live in  
And these are the hands we're given  
Use them and let's start trying  
To make it a place worth living in  
I remember long ago  
When the sun was shining  
And all the stars were bright  
All through the night  
In the wake of this madness  
As I held you tight  
So long ago I won't be coming home tonight  
My generation will put it right  
We're not just making promises  
That we know we'll never keep There's too many men, too many people  
Making too many problems  
And there's not much love to go around  
Can't you see this is a land of confusion?  
Now, this is the world we live in  
And these are the hands we're given  
Use them and let's start trying  
To make it a place worth fighting for  
This is the world we live in  
And these are the names we're given

Stand up and let's start showing  
Just where our lives are going to
