

# Let Your Heart Remember

[Johnny Mathis](#)

I'll let your heart remember  
I'll let your heart remember  
I'll let your heart remember I'll let your heart remember  
I'll let your heart remember I was driving home  
As I passed a street where we used to live  
So I stopped my car, I had to see you  
Time can forgive Then I saw your face  
I'm gonna take you to a place If you let your heart remember, oh baby  
You gotta let your heart remember me  
Let your heart remember  
Let your heart remember  
Let your heart remember Just a year ago you were in my arms  
And we made a vow to stay together  
To love each other, where are we now?  
'Cause what we had that day we can have again If you let your heart remember, oh baby  
You gotta let your heart remember me Like the night we fell in love  
We can go back, girl  
I'll make it up to you Let your heart remember  
Let your heart remember If you let your heart remember, baby please  
Oh, you gotta let your heart remember me  
If you let your heart remember, oh baby  
Hey, you gotta let your heart remember me  
If you let your heart remember  
Let your heart remember me  
Hey, you gotta let your heart remember me  
If you let your heart remember  
You gotta let your heart remember You gotta let your heart remember
