

Gotta Move On (feat. H.E.R.)

Toni Braxton

TONI BRAXTON FEAT. H.E.R. - GOTTA MOVE ON I kinda thought, it is important

You would be right here, yeah
I should've saw it
I seen the warnings
When you couldn't be here, no Tell me would it burn
Baby if the tables turned? (Yeah)
Pardon, if the tables turned
Tell me could you handle it?
See I gotta, yeah
I just gotta move on (I gotta move on)
I gotta move on (I gotta move on)
I gotta move on (Oh, oh-oh-oh)
I gotta, I just gotta move on (I gotta move on)
I gotta move on ('Cause I'm falling out of love)
I gotta move on (Hey, hey-hey, hey, hey)
Yeah No hesitation
You keep me waiting
Saying you're on your way
Oh, but I support it
Even ignored it
When you had me waiting all day
Ooh I got it bad
So tell me would it burn (So tell me would it burn?)
Baby if the tables turned? (If the tables will turn)
Pardon, if the tables turned
Tell me could you handle it?
I know you couldn't, I gotta, hey I just gotta move on (I gotta move on)
I gotta move on (I gotta move on, babe)
I gotta move on (Oh woah, oh-oh-oh)
I gotta, I just gotta move on (I gotta move on)
I gotta move on (Gotta find another love)
I gotta move on (Oh woah, hey, hey-hey, hey)
Yeah I know I gotta
I just gotta move on (I gotta move on)
I gotta move on (I gotta move on, babe)
I gotta move on (Oh woah, oh-oh-oh)
I gotta go, uh, I just gotta move on (I gotta let go)
I gotta move on (Gotta find me another)
I gotta move on (Another love, love)
I gotta go, gotta go, baby, yeah, yeah, hey
