Heart so cold I gave 'em chills

They can't stop me, they can't stop me

They can't stop me, they can't stop me

Heart so cold I gave 'em chills

They can't stop me

Yeah, they get that to the old days

I'm catchin' more plays than the coach on Super Bowl day

Oh, I'm gettin' money, like, four ways

Take a nigga out, have a fourway

I just want the foreplay

I can't even sleep at night, been fightin' demons all my life

Crossed me once, I take it and I knock you off cold time

Sittin' in the nosebleed, niggas can't hold me

Stand on my own feet, motherfuck the police

How many tell?

How many tell?

How many niggas tell?

Bet a nigga squeal

Bet a nigga tell, I bet that nigga tell

I bet that nigga tell, tryna send me straight to hell

Heart so cold it gave you chills

They can't stop me, they can't stop me

They can't stop me, they can't stop me

Heart so cold I gave 'em chills

They can't stop me, they can't stop me

They can't stop me, they can't stop me

Heart so cold I gave 'em chills

They can't stop me, they can't stop me

They can't stop me, they can't stop me

Heart so cold I gave 'em chills

They can't stop me, they can't stop me

They can't stop me, they can't stop me

Heart so cold I gave 'em chills

They can't stop me Yeah, weighed out all my options, nigga know we get it popping
Pushin' up them bodies droppin', puttin' niggas in a coffin
I ain't got no time to talk, I'm just tryna get it off
Better know my word is all, you ain't seen what I saw
Niggas chicken, no bros, sippin' syrup, no cough
In this search is me, had to hit my niece
I was born with grief, I'm in love with cheese
I know I sold a CHeart so cold it gave you chills
They can't stop me, they can't stop me
They can't stop me, they can't stop me
Heart so cold I gave 'em chills
They can't stop me, they can't stop me
They can't stop me, they can't stop me
Heart so cold I gave 'em chills
They can't stop me, they can't stop me
They can't stop me, they can't stop me
Heart so cold I gave 'em chills
They can't stop me, they can't stop me
They can't stop me, they can't stop me
