Judgment Day

Rob Rock

Violence, wrath and chaos Blood fills the street Generals lead their masses Children at their feet Judgment Day Will the sun refuse to shine Judgment Day When the stars fall from the skyCome Armageddon The woman rides the beast Wisdom from the heavens Anger, plagues, disease Judgment Day When the stars fall from the sky Judgment Day Good and evil will collide Judgment Day There's a rider on the storm Judgment Day Bringing justice and the sword Kings of earth are unclean Babylon demon seed Riches, splendor, blinded by her luxuries Lead the nations astray Kill the prophets and saints Deluded and fallen, the mark of the beast The beast and the dragon are false Weeping and mourning cry out Scavengers feast, eating your flesh Judgment Day When the stars fall from the sky
